Welcome to Hayley's Swimming School, below you will find the information you will need when you bring your children for their swimming lessons...

### Appropriate swimwear

Please ensure that children are wearing appropriate swimwear. Girls to wear swimming costumes rather than bikinis and boys to wear swimming trunks or tight shorts (the baggy ones just make it harder for them to move through the water). Any long hair tied back and jewellery and watches removed.

### Payments

Payment can be made by card using the link from the invoice. We also accept payment by cheque, made payable to Hayley's Swimming School sent to this address: Flat 1, 16 Church Road, West Kirby, CH48 0RW (please write your child's full name on the back of the cheque) or to make a payment using your online banking facility, please use the following details...

**Sort code: 09-01-28**

**Account number: 54200934**

Please remember to use your child's initial and surname as your reference e.g. for Jane Smith use "JSMITH".

### Finding us and parking

**Caldley Grange Swimming Pool, Gourleys Lane, Caldley,  
CH48 8AS**

**PLEASE DO NOT PARK IN GOURLEYS LANE.**

There is plenty of parking space in the car park on Grammar School Lane opposite Caldley Boys School. There is a path that leads straight from the car park to the pool.

There is also plenty of parking on Column Road then, to get to the pool, just walk to the end of Gourleys Lane.

1. Please arrive '**BEACH READY**'. This means swimming costume/trunks on and robe/dressing gown or onsie over the top. When you arrive please walk down Gourleys Lane and into the driveway of the pool keeping to the left hand side of the driveway and queue 2m apart. You will be called forward to enter the building once it is time for your child's lesson.
2. Please bring a bag for your's and your child's shoes (also their robe). As you enter the pool building please put on your mask, remove shoes, your child's robe and use the sanitizer supplied. Children in the Improver classes and above to go to their class and sit by one of the cones into their area. BEGINNERS – Please remove shoes and walk down to your area at the shallow end remove robes and add to the bag which can be stored on the rack on poolside.
3. Parents/Guardians to move onto the seating area and sit 2m apart (the crosses are measured at 1m so try to leave one cross in between each spectator to maintain a 2m distance where possible).
4. During the lessons please stay seated. Toilets are available in the changing rooms if needed but if it can be avoided even better.
5. Each class will leave when instructed by the teachers. Beginners will leave first, collect their bags and enter the changing rooms to change quickly and leave. Improvers will be called next, then Stroke Improvers and finally Advanced – parents please come and meet your child and proceed to the exit, put on robes and shoes and leave turning left out of the exit door.

**Please note:**

- Shoes must be removed before entering the poolside area.
- Masks must be worn inside the pool building by attending adults unless in the water unless exempt.
- Only 1 adult with each child.
- Teachers will not be wearing masks/visors but observing the 2m rule.
- Our nonteaching staff will be wearing visors and also observing the 2m rule.

**Changing rooms**

Please avoid using changing rooms unless you are attending with a beginner child and have been in the water with them.

If you have any rubbish please use the bins provided.

**Poolside**

There is space for 1 parent per child to sit on the poolside. The markings are measured out at 1m so to keep as safe as possible please try and leave 1 cross between each spectator in order to maintain social distancing. **Masks must be worn unless exempt.**

Please do not leave the building whilst your child is having their lesson.

## **Lessons**

Each lesson is 25 minutes long to allow for as little crossover between groups as possible and sanitizing of equipment and high contact surfaces. We use back floats, arm discs and woggles (or noodles as some people call them!). We will be reducing the amount of equipment we use until guidelines are relaxed and each child will have their own equipment for the duration of the lesson.

Thanks,

Hayley

If you have any other questions that I have not covered above do not hesitate to get in touch.
