You will be called forward to enter the building once it is time for your child's lesson.

Changing rooms

The changing rooms are available for after the lesson. The larger one will be the Female and the smaller one will be the Male. Please note showers are still unavailable.

If you are accompanying your child into the changing room please take them into the changing room that you would use. If children are over 8 they should use the correct changing room for themselves.

Poolside

There will be seating for 1 parent per child at the shallow end.

Please do not leave the vicinity whilst your child is having their lesson. There is a classroom opposite the pool for you to wait if you wish to.

Lessons

Your child's lesson is 30 minutes long and we provide any equipment¹ they may need during the lesson.

We use back floats, arm discs and woggles (or noodles as some people call them!).

We can't wait to see you at our lessons!

Thanks,
Hayley

If you have any other questions that I have not covered above do not hesitate to get in touch.

¹ If your child needs to use their own equipment for medical reasons, please contact us before your child's lesson.
